  - III. Writing**

# International Collaborations

## WHY?

- Great Challenges
- Disruptive technologies
- European & Global Impact
- EU funding

## HOW?

- WinWin relationship
- Conferences
- Infodays & Brokerages
- Multidisciplinary discussions
- Farming the collaborators

## I. IDEA

Analyse the topic carefully

Make sure your idea fits the topic

Objectives x impact

Be very ambitious, but not over ambitious

Cover all existing technologies and make sure your idea goes beyond them

# Excellent Proposals

## II. CONSORTIUM

Build your consortium with the best suited partner

Get the involvement or support from all actors

Balance activities, efforts, budget

# Excellent Proposals

## III. WRITING

Clear objectives (SMART) and concept, transdisciplinary

Periodic Meetings

Think on evaluation criteria

Remember you may get support: NCP & EC officers

External reviewers
